My dear son - I beg you will sign & return the enclosed as soon as possible, as I wish to return them to the Bank before the 4<sup>th</sup>. I have hopes of expectation

of your writing me all about yourself, & my affairs - Will you tell me whether or not Mr Moncrie will pay me the amount due - I shall say nothing to him at this distance of the sufferings he now causes, by his delay, but upon the rest or contrary, of an early letter from you, depends my taking the Boat, & going by way of Richmond to your house -

If he will pay me, I will pay my debts here & try the Piney point to amend my eye's, putting off my visit to you for a later week in summer - but one short note from you since we parted - once I wrote to you - I send you ~~please~~

- Farewell! I'm not will or should say more - Dr. Lim's has sent me a bill for nearly 50/- - again - from my letters of business -
